

# **RDA National Event in Italy, 14-15 November 2016 - Best practices and open issues**

RDA, the Research Data Alliance, in collaboration with the universities of Turin, Milan, Bologna, Trento and Parma and supported by CNR, AISA and OpenAIRE organizes a two-day workshop about sharing, reuse, and reproducibility of research data on some selected scientific fields - and related research infrastructures - of strategic relevance in Europe. The event agenda can be seen [here](#).

Paola Gargiulo posted a short Italian description of the program [here](#).
